FRAMEWORKS	The sines of CCED (n. 10) and he considered as a functionally		
24. Framework	The aims of GCED (p.16) can be considered as a framework:		
structure	develop an understanding of global governance structures,		
	rights and responsibilities, global issues and connections		
	between global, national and local systems and processes;		
	• recognise and appreciate difference and multiple		
	identities, e.g. culture, language, religion, gender and our		
	common humanity, and develop skills for living in an		
	increasingly diverse world;		
	develop and apply critical skills for civic literacy, e.g.      develop and apply critical skills for civic literacy, e.g.      develop and apply critical skills for civic literacy, e.g.		
	critical inquiry, information technology, media literacy,		
	critical thinking, decision-making, problem solving,		
	negotiation, peace building and personal and social		
	responsibility;		

• recognise and examine beliefs and values and how they influence political and social decision-making, perceptions

develop attitudes of care and empathy for others and the

 develop values of fairness and social justice, and skills to critically analyse inequalities based on gender, socioeconomic status, culture, religion, age and other issues;

about social justice and civic engagement;

environment and respect for diversity;

	participate in, and contribute to, contemporary global		
	issues at local, national and global levels as informed,		
	engaged, responsible and responsive global citizens.

SDGs AND SDG TARGETS AND LINKAGES			
34. Comments on SDG	The resource can help support a number of SDG targets		
linkages	linked to education, culture and heritage, including 4.4		
	(staff training), 4.7 (Education for Sustainable		
	Development), 11.4 (protecting cultural and natural		
	heritage), 12.8 (lifestyles in harmony with nature) and 13.3		
	(climate change education and awareness). As education is		

cross-cutting, action for these targets helps achieve the SDGs, in terms of other goals and as a whole.

## 35. SDGs and SDG targets the resource helps advance

## SDG 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

4.4 By 2030, substantially increase the number of youth and adults who have relevant skills, including technical and vocational skills, for employment, decent jobs and entrepreneurship

Number of young people and adults in skills-development activities and programmes drawing on collections, for employment, decent jobs and entrepreneurship

Increase in number of young people and adults in such programmes

Number and proportion of staff who have received training in the last year, to better support their contribution to the SDGs.

Programs and processes in place to ensure the availability of a skilled workforce.

## SDG 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

4.7 By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and nonviolence, global citizenship and appreciation of cultural diversity and of culture's contribution to sustainable development

Numbers of people in each type of programme drawing on collections from different demographic groups.

Increases in numbers of people in each type of programme from different demographic groups.

Proportion of people involved in such programmes in relation to overall audience size.

Evidence that learners have acquired knowledge and skills to promote sustainable development.

## SDG 11. Make cities and human settlements inclusive, safe, resilient and sustainable

11.4 Strengthen efforts to protect and safeguard the

11.4.1 Total expenditure (public and private) per capita spent on the preservation, protection and conservation of all cultural and natural heritage, by type of heritage

world's cultural and natural heritage	Plans, policies and procedures in place for the safe use of collections for a variety of purposes, protecting and safeguarding both collections and those who use them.  Plans, policies and procedures in place for the identification, safeguarding and protection of cultural and natural heritage at risk.
	Collecting programmes in place to protect, safeguard and make use of cultural and natural heritage, addressing the needs of communities and stakeholders, and ensuring that collections can be an effective resource for sustainable development.
	Number and diversity of educational, awareness-raising, research programmes, and partnerships that aim to strengthen protection of cultural and natural heritage.
SDG 12 Ensure sustainable consumption and production patterns 12.8 By 2030, ensure that people everywhere have the relevant information and awareness for	12.8.1 Extent to which (i) global citizenship education and (ii) education for sustainable development (including climate change education) are mainstreamed in (a) national education policies; (b) curricula; (c) teacher education; and (d) student assessment
sustainable development and lifestyles in harmony with nature	Extent to which global citizenship education and education for sustainable development (including climate change education) are mainstreamed in formal, informal and nonformal education programmes and activities drawing on and related to collections.
SDG 13. Take urgent action to combat climate change and its impacts 13.3 Improve education, awareness-raising and human and institutional	Plans in place to enhance positive contributions to addressing climate change through use of collections. Plans in place to ensure collections, collections institutions and broader society can adapt effectively to climate change.
capacity on climate change	Plans in place for effective education and awareness raising

capacity on climate change mitigation, adaptation,

impact reduction and early

warning

Plans in place for effective education and awareness raising on climate change mitigation, adaptation, impact reduction and early warning.

Plans in place to reduce negative contributions of collections-related functions, e.g. measuring greenhouse emissions with plans and targets in place to reduce them.
