35. SDGs and SDG targets the resource helps advance			
SDG 1: End poverty in all its			
forms everywhere			
1.4 By 2030, ensure that all	Numbers and proportions of people from particular		
men and women, in particular the poor and the	groups using collections in comparison with demographics in broader society.		
vulnerable, have equal rights	in broader society.		
to economic resources, as	Numbers of people accessing collections.		
well as access to basic			
services, ownership and	Number of targeted programmes that aim to enhance		
control over land and other	access to collections by disadvantaged groups.		
forms of property,			
inheritance, natural	Sustainable tourism that enhances local communities'		
resources, appropriate new technology and financial	access to basic services, ownership and control over land and other forms of property (including cultural and natural		
services, including	heritage), as well as to technology and markets.		
microfinance	nervage,, as them as to seemistag, and markets.		
	Involvement of people from disadvantaged groups in		
	decision-making activities and processes relating to		
	collections and collections-based institutions.		
SDG 4. Ensure inclusive and			
equitable quality education and promote lifelong			
learning opportunities for all			
4.A Build and upgrade			
education facilities that are	Number and proportion of education facilities that are		
child, disability and gender	child, disability and gender sensitive.		
sensitive and provide safe,	Dreverties of advection facilities that muscide cofe was		
non-violent, inclusive and effective learning	Proportion of education facilities that provide safe, non- violent, inclusive and effective learning environments for		
environments for all	all.		
	Number and type of initiatives to improve effectiveness of		
	learning environments.		
	Compart sixon to other advection for the control of		
	Support given to other education facilities to make them more inclusive and effective.		
SDG 8. Promote sustained,	more metasive and effective.		
inclusive and sustainable			
economic growth, full and			
productive employment and			
decent work for all			
8.5 By 2030, achieve full and			
productive employment and			

decent work for all women and men, including for young people and persons with disabilities, and equal pay for work of equal value	Increase in number of people in full and productive employment relating to collections, through job creation and recruitment. Increase in proportion of existing staff working with collections in productive employment. Increase in number of men, women, young people and persons with disabilities in development and training programmes drawing on collections that support them in employment. Removal of pay disparities by gender and/or other status for those working with collections. Policies and plans in place to ensure that all suppliers and others in the supply chain are in decent and productive work.
SDG 8. Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all 8.9 By 2030, devise and implement policies to promote sustainable tourism that creates jobs and promotes local culture and products	Numbers of jobs created or supported that relate to sustainable tourism drawing on local products (e.g. craft producers). Develop and implement plans to reduce and remove negative impacts of tourism. Numbers of activities and/or products drawing on local culture. Value to artisans and source communities of activities and products drawing on local culture.
spa 9. Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation 9.1 Develop quality, reliable, sustainable and resilient infrastructure, including regional and transborder infrastructure, to support	Development of research-useful collections to support reliable, sustainable and resilient use by researchers and others.

economic development and human well-being, with a focus on affordable and equitable access for all	Number and proportion of collections facilities and stores that support economic development and human wellbeing. Number and proportion of collections facilities and stores that provide affordable and equitable access for all. Investment in collections facilities.		
	investment in conections racinities.		
	Inclusion of collections information in regional and transborder initiatives, notably via digital access for discoverability.		
SDG 10. Reduce inequality			
within and between			
countries			
10.2 By 2030, empower and promote the social, economic	Collections development to ensure that collections effectively meet the needs of all, irrespective of age, sex,		
and political inclusion of all,	disability, race, ethnicity, origin, religion or economic or		
irrespective of age, sex,	other status.		
disability, race, ethnicity,			
origin, religion or economic or other status	Numbers and proportions of people making use of collections in relation to the demographic of the local population.		
	Numbers and proportions of people involved in focused programmes aimed at promoting social, economic and political inclusion.		
	Numbers and proportions of people from different		
	demographic groups involved in decision-making		
	processes relating to collections and collections-based institutions.		
	Number and types of partnerships that build relationships		
	with marginalized groups, individuals and communities.		
SDG 11. Make cities and			
human settlements inclusive, safe, resilient and			
sustainable 11.4 Strengthen efforts to	11.4.1 Total expenditure (public and private) per capita		
protect and safeguard the	spent on the preservation, protection and conservation of		
world's cultural and natural	all cultural and natural heritage, by type of heritage		
heritage			

Plans, policies and procedures in place for the safe use of collections for a variety of purposes, protecting and safeguarding both collections and those who use them. Plans, policies and procedures in place for the identification, safeguarding and protection of cultural and natural heritage at risk. Collecting programmes in place to protect, safeguard and make use of cultural and natural heritage, addressing the needs of communities and stakeholders, and ensuring that collections can be an effective resource for sustainable development. Number and diversity of educational, awareness-raising, research programmes, and partnerships that aim to strengthen protection of cultural and natural heritage. SDG 11. Make cities and human settlements inclusive, safe, resilient and sustainable 11.7 By 2030, provide Numbers of people accessing collecting institutions from universal access to safe, different demographic groups, notably women, children, inclusive and accessible, older people and persons with disabilities. green and public spaces, in particular for women and Increases in numbers of people accessing collecting children, older persons and institutions from different demographic groups. persons with disabilities Measures taken to remove barriers to access green and public spaces. Extent of green space provided by collections institutions. SDG 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels. 16.6 Develop effective, 16.6.2 Proportion of the population [audience/users/nonaccountable and transparent users] satisfied with their last experience of public institutions at all levels services Access to information, and accountability policies and mechanisms, in place.
