SDGs AND SDG TARGETS AND	LINKAGES
34. Comments on SDG linkages	The resource is most closely linked to targets around health, Disaster Risk Reduction and education, including 1.5 (build the resilience of the poor), 3.3 (end the epidemics of AIDS and other diseases), 3.D (strengthen countries' abilities to cope with national and global health risks), 4.4 (staff skills), 4.7 (Education for Sustainable Development), 11.5 (reduce the impact of disasters), 11.B (integrated policies for inclusion and Disaster Risk Reduction), 12.8 (information for sustainable development and lifestyles in harmony with nature), 13.3 (climate education), 16.10 (protect freedom of information and fundamental freedoms), 16.B (enforce laws and policies for sustainable development), 17.14 (policy coherence for sustainable development), 17.16 (international partnerships) and 17.17 (cross-sector partnerships). The resource can also inform programmes related to preventing the illegal wildlife trade, supporting SDGs 15.7 and 15.C (the latter on building international support to tackle the illegal wildlife trade).
35. SDGs and SDG targets t	the resource helps advance
SDG 1: End poverty in all its	
forms everywhere 1.5 By 2030, build resilience of the poor and those in vulnerable situations and reduce their exposure and vulnerability to climate-	Number of collecting programmes that aim to build resilience to climate-related events and other shocks and disasters, for example by forming collections that can contribute to related educational and research programmes.

disasters.	Number of targeted programmes drawing on collections that are aimed at vulnerable groups, to build their resilience to climate-related and other shocks and disasters.

	Number of research programmes drawing on collections that are aimed at building resilience to climate-related and other shocks and disasters. Strengthen the resilience of employees, communities and suppliers by paying at a minimum the living wage and offering insurance to employees and their families, such as accident insurance; and by paying fair prices to all suppliers
SDG 3: Ensure healthy lives and promote well-being for all at all ages 3.3 By 2030, end the epidemics of AIDS, tuberculosis, malaria and neglected tropical diseases and combat hepatitis, water- borne diseases and other communicable diseases	Collection development that can contribute to programmes addressing AIDS, tuberculosis, malaria and/or neglected tropical diseases, combat hepatitis, water-borne diseases and other communicable diseases. Number of educational programmes addressing these subjects. Number of targeted educational and participatory programmes for marginalized and at-risk groups relating to communicable diseases. Number of research activities that help understand the causes and manage impacts of tuberculosis, malaria and other communicable diseases. Partnerships in place to help ensure effective governance of communicable diseases, public health information and education relating to communicable diseases. Steady flow of reliable information relating to communicable diseases.
SDG 3: Ensure healthy lives and promote well-being for all at all ages 3.D Strengthen the capacity of all countries, in particular developing countries, for early warning, risk reduction and management of national and global health risks.	Number of collecting initiatives that aim to build capacity for risk reduction to national and global health risks, for example by storing and preserving collections that may be of use in post-disaster scenarios, or that can be used in early warning and risk communication activities. Number of educational programmes incorporating perspectives on early warning, risk reduction and management of national and global health risks.

	Number of awareness raising programmes that target marginalized and vulnerable groups most exposed to health risks.
	Plans in place for early warning, risk reduction and management to national and global health risks.
	Relationships and partnerships in place for risk reduction and management in light of national and global health risks.
SDG 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all	Number of young people and adults in skills-development activities and programmes drawing on collections, for employment, decent jobs and entrepreneurship

inclusive, safe, resilient and sustainable 11.5 By 2030, significantly reduce the number of deaths and the number of people affected and substantially decrease the direct economic losses relative to global gross domestic product caused by disasters, including water- related disasters, with a focus on protecting the poor and people in vulnerable situations	Collections-based research that supports the understanding and management of disasters of all kinds. Plans in place for public education and awareness drawing on collections and collections-based institutions to reduce exposure and vulnerability to disasters of all kinds. Plans in place to ensure collections-based institutions steadily work to reduce their contributions to disaster risk, for example by reducing pollution and waste of all kinds. Plans in place to ensure collections-based institutions, and people related to them (including workers) are protected from economic losses as a result of disasters. Plans in place to provide special support/protection to poor and vulnerable people and groups in and following disasters.
SDG 11. Make cities and human settlements inclusive, safe, resilient and sustainable 11.B By 2020, substantially increase the number of cities and human settlements adopting and implementing integrated policies and plans towards inclusion, resource efficiency, mitigation and adaptation to climate change, resilience to disasters, and develop and implement, in line with the Sendai Framework for Disaster Risk Reduction 2015- 2030, holistic disaster risk management at all levels	 11.B.1 Proportion of local governments that adopt and implement local disaster risk reduction strategies in line with the Sendai Framework for Disaster Risk Reduction 2015-2030a Disaster Risk Reduction strategies and plans in place, in line with the Sendai Framework for Disaster Risk Reduction, to ensure collecting institutions and collections are factored into planning, and contribute effectively to Disaster Risk Reduction.
SDG 12 Ensure sustainable consumption and production patterns 12.8 By 2030, ensure that people everywhere have the relevant information and awareness for sustainable development and lifestyles in harmony with nature	12.8.1 Extent to which (i) global citizenship education and (ii) education for sustainable development (including climate change education) are mainstreamed in (a) national education policies; (b) curricula; (c) teacher education; and (d) student assessment Extent to which global citizenship education and education for sustainable development (including climate change
