| <b>AIMS AND CONTENT</b>  |   |
| <b>20. What issues does the resource aim to address?</b>   | <p><b>“This project was born of a concern for the loss of diversity in this most basic human resource. It parallels the increasing concern over the loss of the world’s biological diversity, and for related reasons: the loss of isolated and self-sustaining habitats in the face of encroaching urbanization, economic concentration and the consequent homogenization of human cultures.</b></p> <p><b>By its very nature, this Atlas tends to become outdated more rapidly than an ordinary language atlas would do. What is plotted on these maps are the most fragile linguistic balances – languages in danger of disappearing, even disappearing from one edition to the next.” (p.8)</b></p> |
