specifically mentioned?	
31. SDGs specifically	No
mentioned?	
32. SDG targets specifically	No
mentioned?	
33. SDG indicators	No
specifically mentioned?	
SDGs AND SDG TARGETS AND L	INKAGES
34. Comments on SDG	The resource is most closely related to SDGs around
linkages	management and reporting, including 12.6 (sustainable
	practices and reporting), 12.B (develop tools for
	sustainable tourism), 16.6 (effective, accountable and
	transparent institutions) and 17.19 (non-economic

measures of sustainable development), through which action for a wide range of SDG targets can be measured, evaluated and reported.

The tables included in the resource can be used to evaluate programmes relating to:

- Health and wellbeing (3.4)
- Social inclusion (10.2 and 11.7)
- Inclusion in education (4.5)
- Inclusive infrastructure for wellbeing and economic development (9.1)
- And education for sustainable lifestyles (4.7, 12.8 and 13.3)

35. SDGs and SDG targets the resource helps advance

SDG 3: Ensure healthy lives and promote well-being for all at all ages

3.4 By 2030, reduce by one third premature mortality from non-communicable diseases through prevention and treatment and promote mental health and well-being

Plans, policies and procedures in place for the safe use of collections, notably in relation to chemical, physical, biological and other forms of hazard.

Proportion of users of collections facilities reporting positive well-being during and as a result of activities relating to collections.

Number and proportion of programmes relating to collections that incorporate wellbeing considerations and perspectives.

Number of targeted programmes drawing on collections that address issues relating to non-communicable diseases, supporting prevention and treatment.

SDG 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

4.5 By 2030, eliminate gender disparities in education and ensure equal access to all levels of education and vocational training for the vulnerable, including persons with disabilities, indigenous peoples and children in vulnerable situations

Number of educational and/or training programmes drawing on collections directed to eliminate gender disparities in education.

Number of educational and/or training programmes drawing on collections directed to meet the particular needs of persons with disabilities.

Number of educational and/or training programmes drawing on collections directed to meet the particular needs of Indigenous peoples' groups.

Number of educational and/or training programmes drawing on collections directed to meet the particular needs of children in vulnerable situations.

SDG 4. Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all

4.7 By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and nonviolence, global citizenship and appreciation of cultural diversity and of culture's contribution to sustainable development

Numbers of people in each type of programme drawing on collections from different demographic groups.

Increases in numbers of people in each type of programme from different demographic groups.

Proportion of people involved in such programmes in relation to overall audience size.

Evidence that learners have acquired knowledge and skills to promote sustainable development.

SDG 9. Build resilient infrastructure, promote inclusive and sustainable industrialization and foster innovation

9.1 Develop quality, reliable, sustainable and resilient infrastructure, including regional and transborder infrastructure, to support economic development and human well-being, with a focus on affordable and equitable access for all

Development of research-useful collections to support reliable, sustainable and resilient use by researchers and others.

Number and proportion of collections facilities and stores that support economic development and human well-being.

Number and proportion of collections facilities and stores that provide affordable and equitable access for all.

Investment in collections facilities.

Inclusion of collections information in regional and transborder initiatives, notably via digital access for discoverability.

SDG 10. Reduce inequality within and between countries 10.2 By 2030, empower and

10.2 By 2030, empower and promote the social, economic and political inclusion of all, irrespective of age, sex, disability, race, ethnicity, origin, religion or economic or other status

Collections development to ensure that collections effectively meet the needs of all, irrespective of age, sex, disability, race, ethnicity, origin, religion or economic or other status.

Number and proportion of educational and participatory programmes that promote participation irrespective of social or other status.

Numbers and proportions of people making use of collections in relation to the demographic of the local population. Numbers and proportions of people involved in focused programmes aimed at promoting social, economic and political inclusion. Numbers and proportions of people from different demographic groups involved in decision-making processes relating to collections and collections-based institutions. Number and types of partnerships that build relationships with marginalized groups, individuals and communities. SDG 11. Make cities and human settlements inclusive, Numbers of people accessing collecting institutions from safe, resilient and sustainable different demographic groups, notably women, children, 11.7 By 2030, provide older people and persons with disabilities. universal access to safe, inclusive and accessible, green Increases in numbers of people accessing collecting and public spaces, in particular institutions from different demographic groups. for women and children, older persons and persons with Measures taken to remove barriers to access green and disabilities public spaces. Extent of green space provided by collections institutions. SDG 12 Ensure sustainable consumption and production Clear visions, strategies and plans in place for all aspects of patterns sustainability – environmental, social and economic 12.6 Encourage companies, (people, planet, prosperity)- across all areas of activity. especially large and transnational companies, to Visions, strategies and plans relating to sustainability to be adopt sustainable practices publicly available and incorporated into planning and to integrate sustainability documents. information into their reporting cycle Commitments to be in line with local, regional, national and/or international targets and ambitions. Incorporation of sustainability into reporting for funders and other stakeholders, including the public. Reporting to include commitments and progress towards targets. SDG 12 Ensure sustainable consumption and production 12.8.1 Extent to which (i) global citizenship education and patterns (ii) education for sustainable development (including

climate change education) are mainstreamed in (a)

12.8 By 2030, ensure that

people everywhere have the

relevant information and
awareness for sustainable
development and lifestyles in
harmony with nature

national education policies; (b) curricula; (c) teacher education; and (d) student assessment

Extent to which global citizenship education and education for sustainable development (including climate change education) are mainstreamed in formal, informal and non-formal education programmes and activities drawing on and related to collections.

SDG 12 Ensure sustainable consumption and production patterns

12.B Develop and implement tools to monitor sustainable development impacts for sustainable tourism that creates jobs and promotes local culture and products

Quantitative and qualitative metrics identified, collected and reported for evaluating performance of tourism in terms of social, environmental and economic benefits and impacts for:

- -jobs
- -promotion of local culture
- -local and related products
- -positive social and environmental benefits
- -reduction of negative impacts of tourism, e.g. climate impacts, negative social and environmental impacts.

SDG 13. Take urgent action to combat climate change and its impacts

13.3 Improve education, awareness-raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning

Plans in place to enhance positive contributions to addressing climate change through use of collections. Plans in place to ensure collections, collections institutions and broader society can adapt effectively to climate change.

Plans in place for effective education and awareness raising on climate change mitigation, adaptation, impact reduction and early warning.

Plans in place to reduce negative contributions of collections-related functions, e.g. measuring greenhouse emissions with plans and targets in place to reduce them.

SDG 16. Promote peaceful and inclusive societies for sustainable development, provide access to justice for all and build effective, accountable and inclusive institutions at all levels.

16.6 Develop effective, accountable and transparent institutions at all levels

16.6.2 Proportion of the population [audience/users/nonusers] satisfied with their last experience of public services

Access to information, and accountability policies and mechanisms, in place.

Effective institutional arrangements, both for own working and for working in partnership with other sectors, in place.

Plans and arrangements in place for extraordinary circumstances such as natural and human-caused disasters.

	Effective arrangements in place to fulfil legal and social obligations and responsibilities.	
	Effective arrangements in place for transparent	
	communication and reporting of institutional performance.	
	Effective arrangements in place for transparent decision-making and accountability.
